**EUROPEAN UNION OF MEDICAL SPECIALISTS (UEMS)
EUROPEAN ACCREDITATION COUNCIL ON CME (EACCME®)**

The 4th World Summit on Pediatrics, MADRID, Spain, 21/06/2018-24/06/2018 has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with 17 European CME credits (ECMEC®s). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

Through an agreement between the Union Européenne des Médecins Spécialistes and the American Medical Association, physicians may convert EACCME® credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME® credit to AMA credit can be found at

www.ama-assn.org/education/earn-credit-participation-international-activities.

Live educational activities, occurring outside of Canada, recognised by the UEMS-EACCME® for ECMEC®s are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

WELCOME MESSAGE

Dear Friends and Colleagues,

it is a great pleasure and an honor to extend to you a warm invitation to attend the 4th World Summit on Pediatrics, to be held June 21 – 24, 2018 in Madrid, Spain.

Through a variety of state-of-the-art sessions, keynote lectures, roundtable discussions, workshops and sessions including oral and poster presentations, the conference theme will underpin the need for collaboration and cooperation of individuals from a wide range of professional backgrounds; it will provide a wonderful forum for you to upgrade your knowledge and explore the innovations in Pediatrics.

This exciting conference will bring together researchers, clinicians and other healthcare professionals in an international forum, enabling the exchange of the latest advances in both science and practice, within the research and clinical community; the Conference will strive to offer plenty of networking opportunities, providing you with the opportunity to meet and interact with the leading scientists and researchers, friends and colleagues as well as sponsors and exhibitors.

We believe we have chosen a venue that guarantees a successful technical conference amid the culture and scenery of Madrid; it's appealing climate and exciting history is amongst the most interesting of any European capital city.

Madrid's facilities attract people from all over the world, making it the right place for new bridges in science and knowledge; the Spanish cuisine, the unique culture and arts, combined with the breathtaking natural beauty, will underscore the role of Madrid as one of the world's most popular tourist destinations.

With best wishes,

Alfonso Delgado Rubio
