## **WELCOME MESSAGE**

Dear Friends and Colleagues,

it is a great pleasure and an honor to extend to you a warm invitation to attend the 3th World Summit on Pediatrics, to be held in Rome, Italy, on June 22 – 25 2017 .

Through a variety of state-of-the-art sessions, keynote lectures, roundtable discussions, workshops and sessions including oral and poster presentations, the conference theme will underpin the need for collaboration and cooperation of individuals from a wide range of professional backgrounds; it will provide a wonderful forum for you to upgrade your knowledge and explore the innovations in Pediatrics.

This exciting conference will bring together researchers, clinicians and other healthcare professionals in an international forum, enabling the exchange of the latest advances in both science and practice, within the research and clinical community; the Conference will strive to offer plenty of networking opportunities, providing you with the opportunity to meet and interact with the leading scientists and researchers, friends and colleagues as well as sponsors and exhibitors.

We believe we have chosen a venue that guarantees a successful technical conference amid the culture and scenery of Rome; it's appealing climate and exciting history is amongst the most interesting of any European capital city.

Rome's facilities attract people from all over the world, making it the right place for new bridges in science and knowledge; the Italian cuisine, the unique culture and arts, combined with the breathtaking natural beauty, will underscore the role of Rome as one of the world's most popular tourist destinations.
